FSID 672 Coordinator's Newsletter March 2010

## OFFICER ELECTIONS

All chapters are to hold election of officers at your first chapter meeting in March. Once that is done, it is the responsibility of the incoming leader to fill out the Officer Chart (L-001) received by headquarters. Please fill in all the information including meeting place, day, and time, proper address, and your new chapter officers. Even if all your chapter officers remain the same, I must have a new chart from your chapter. Completed forms must be sent to me NO LATER THAN St. Patrick's Day, March 17. I have a submission deadline, too.

- **Century Awards:** how members achieve and maintain their status.
- **Emotions:** how support and success of TOPS has helped.
- **Less is More:** how members with less than 50 pounds to lose benefit from membership in TOPS.
- **Tomatoes:** member stories of raising tomatoes or share favorite healthy, fresh tomato recipes.

## SRD UPDATE

Registration deadline for TOPS Goes Hollywood is March 31 and is right around the corner. Don't forget to include a chapter check signed by two officers.

Also, please note that there will be a wonderful variety of TOPS promotional items available at this SRD, more than we have ever offered before. Some of the items include: reusable tote bags, pens, key chains, canvas bags, small notebooks, and car magnets. Leader, why not bring your chapter checkbook and buy some items to use as contest prizes, incentives, or maybe even gifts for your officers.

A word about what to wear: Friday Night Fun Night (aka Casting Call): wear a costume from your chapter movie or dress like your favorite actor or actress. Saturday, when we honor our division winners and KOPS and state royalty, is the time to really dress up. You will be entering the ballroom on the red carpet, just like in Hollywood at the Oscars, so find something glamorous! Won't this be fun!

## WHERE IS YOUR KOPS POT OF GOLD?

Are you keeping an eye on it? Is it at the end of a rainbow somewhere? Or are you a KOPS and know exactly where yours is...

I think of being a KOPS as my pot of gold. My goal is out there, and I am working towards it, but sometimes I see it, and sometimes I don't. But I won't give up. I'll keep chasing rainbows until I find my pot of gold, my KOPS status. Will you?
